

HARSH "BLUE LAWS" OF PURITAN TAKE THE JOY OUT OF LIFE

(Continued from Third Page)

ure excursions, tennis, golf, professional baseball, risqué (he pronounces it "risk") movies, sacred concerts in the theatres, joy rides, candy stores, boot-blacks, cigar stores, grocery stores, dancing or card playing in public, pool rooms, Sunday papers.

"As to the professional amusements," he insisted, "those who agitate for them are those who profit by them. We are opposed to all work on the Sabbath unless it is a work of necessity—as in restaurants or in an electrical plant, which is a continuous process. In the matter of Sunday golf there are at least four valid objections—it keeps the golfer's chauffeur working on Sunday, it keeps the poor little caddies breaking the Sabbath, it makes a seven-day week for the poor Italian who attends to the links, and it sets a bad example to the young. Except for the caddies, the same objections hold for tennis. We want more of the spirit of the Puritan Sabbath."

"But the Puritans went further than you," I reminded Dr. Howlby. "Why do you not advocate the cooking of the Sunday dinner on Saturday and the prohibition of all Sunday reading except the Bible and the hymn book?"

"Because that would be fanatical," he answered.

"There are many persons," I said, "to whom your proposed restrictions seem exactly as fanatical."

"I can't help that," he answered, with an extra tightening of the tight lips.

THE AUTOMOBILE AS A DESECRATER OF THE SABBATH.

"The automobile," he continued, "is one of the very worst of our Sabbath desecraters. I would have only the converted automobile—the automobile that has learned its way to church—in use on Sunday. If it goes to church in the morning, it might as well be in the afternoon taking some poor old lady or blind person out for a needed airing. But it should stop taking the whole family away for miles and miles, so that they are not in the church where they expect their minister to be."

"If I had my way about it I would cut off all Sunday train service to Coney Island and a good many of the weekly trains until the island cleans itself up. It's no fit place for anybody on the Lord's day at present."

"Quiet walks in our beautiful parks and an intensification of home life, a happy gathering of father, mother, children and friends, good books and good home music—these are the sane ways of spending Sunday, aside from church services. The Jews live in a Christian country, and they should have respect for the Christian day of worship. The fact that some persons may be prevented by their economic status from having any day except Sunday for recreation doesn't mean that we should encroach on Sunday, but that we should change our business conditions."

"The Lord's Day Alliance is supported by Methodist, Baptist, Reformed, Presbyterian, Southern Presbyterian and Protestant Episcopal churches, with a total membership of over 15,000,000, according to Dr. Howlby."

"I had just one more question. If you people think that we should follow the Puritan example in observing Sunday, why shouldn't we also be allowed to follow their example in distilling and using alcohol?"

"Oh, but we may admire people for one trait without admiring them for all," Dr. Howlby protested, in shocked tones. "We admire the Scotch for their thrift."

"But not for their whiskey?" I finished the sentence.

"We do not admire them for their rum," amended Dr. Howlby, using the favorite Anti-Saloon League nomenclature. "Now, I hope," he added briskly, "that you'll get this all straight. If you and the other reporters keep getting me wrong, I'll—well, I don't say I'll refuse to see reporters, but I'll give out a clear statement to the Associated Press telling the truth about this movement. And I hope you don't let your financial editor or your advertising manager talk to you before you write this story," he ended.

"He may be reassured. I haven't!"

ON BLUE LAWS**

Sporting and Amusement Organizations Unite to Fight Puritan Sunday.

A backfire against the Lord's Day Alliance's agitation for a rigid Puritan Sunday in New York has been started by several sporting and amusement organizations headed by the International Sporting Club, sponsor of the State boxing law.

The object is to crystallize sentiment in favor of liberal Sunday observance. Hatched on record in concrete form, and say it before the new Governor as soon as he takes office.

The plan will include a personal campaign throughout the State, and it is hoped to get millions of signatures to petitions calling on the incoming Administration to permit the people to spend Sunday in their own way.

PLANT THrice INDICTED.

Former County Detective of Nassau Accused of Three Crimes.

The Grand Jury of Nassau County last evening brought in three indictments charging Corryman Plant, former county detective, with omission of duty while acting as a public officer, receiving stolen goods and conspiracy.

Plant was represented by George Morton Levy, who pleaded not guilty for him, and he was released in \$3,000 bail.

There have been many rumors that Plant would be indicted in connection with the theft of automobiles in Nassau and other counties. The indictments verify all that has been said. They are the last of the indictments growing out of the gambling raids in the county last year, as a result of which three public officers of Nassau County and a postmaster will be tried for conspiracy on Dec. 12. No time has been set for the trial of Plant.

Every motor highway and byway throughout picturesque New England and New York is a part of the long "Socony Trail".

Carpenter Tavern at Queens, Long Island, built about 1710. General Nathaniel Woodhull was captured at this place on August 28, 1776, while driving cattle to safety from the western end of Long Island.

MOTORISTS, commercial truckmen and farmers—from Queens, L. I., to Buffalo, N. Y.—have come to depend upon Socony products. Thus, ordinary demand has become a responsibility which the Standard Oil Company of New York is constantly striving to fulfill. This is the reason for the steady growth of Socony service.

Refining processes, like motor construction methods, are always being improved. Socony gasoline is made and tested in accordance with the most recent standards of accuracy—insuring uniform cleanliness, constant mileage to every gallon and absolute dependability. It will pay you to discriminate in buying gasoline.

Socony is a straight-refinery gasoline. It vaporizes quickly, but it is more than a mere easy-starting fuel. Owners of large motor truck fleets use Socony regularly because it is uniformly high-powered and clean-burning.

Socony dealers take a pardonable pride in the product they sell and we take an equal pride in them—their fairness, courtesy and reliability. Always look for the red, white and blue Socony sign.

PUT CREAM IN NOSE
AND RELIEVE CATARRH

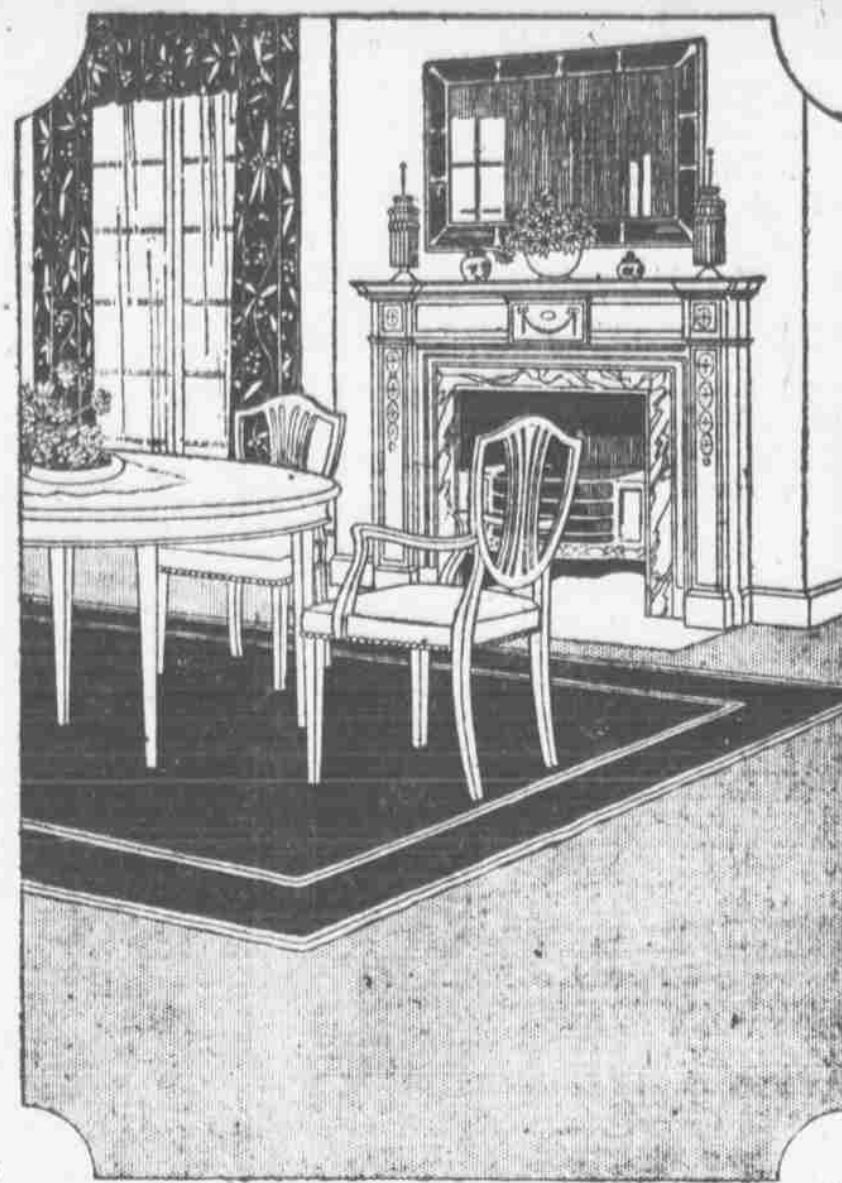

Tells How to Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no snuffing or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.—Advt.

In the dining-room pictured here, the floor of Armstrong's Linoleum harmonizes in color with the decorative scheme.

How to Select Floors

YOU naturally want floors in your home that look well, last long, and can be easily cared for. These are virtues of Armstrong's Linoleum Floors.

The rich colors in Armstrong's plain linoleums, two-tone Jaspés, parquetry effects, and inlaid patterns give you a wide range from which to select. You can pick the pattern that will harmonize perfectly with your rugs and other furnishings.

If you prefer the less expensive printed linoleum, you will find Armstrong's Printed Linoleum beautiful and durable—worth the few cents a yard additional you may be asked to pay for it.

Have your linoleum laid as a permanent floor. A most satisfactory way is to cement the linoleum down over a layer of builders' felt paper. Such floors need little care.

Ask any good merchant to tell you more about this modern, ideal flooring. All Armstrong's Linoleum is guaranteed to give entire satisfaction. Identify it by the Circle A trademark stamped on the burlap back.

Red-Blooded Men and Women Are Up and Doing Bright and Early

FREE YOUR BLOOD FROM POISON

Take Pepto-Mangan, the Famous Blood Tonic Prescribed by Physicians for 30 Years

Sluggish blood clogged with poisons makes you lazy. You never feel like getting up in the morning. And when you do get up, you miss that feeling of refreshing rest. You feel more tired than when you went to bed. After a good night's sleep you should get up with a spring, feeling alive, renewed, refreshed.

And you would, too, if your blood were full of red corpuscles. Your complexion would look fresh, your eyes bright and clear; you would feel the warm tingle of good health. Look to your blood if you have that lazy, heavy feeling in the morning. Begin taking Pepto-Mangan—the ideal tonic. It has blood-building properties that pick you up and give you strength.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. It is prepared in both liquid and tablet form. But have the same medicinal properties. Sold at any drug store. But be sure you get the genuine Pepto-Mangan—"Gude's." Ask for it by the name and be sure the full name "Gude's Pepto-Mangan" is on the package.—Advt.
